

THE FSA ID

You need to create a FSA ID in order to complete your FAFSA. You are the only person who should create your FSA ID. This is true for both the student and parent(s).

Since you will use this FSA ID in the years to come, use a permanent email address (not your school email address).

A teal-bordered card with a black border, hanging from a blue lanyard. It contains the following text and fields:

FSA ID

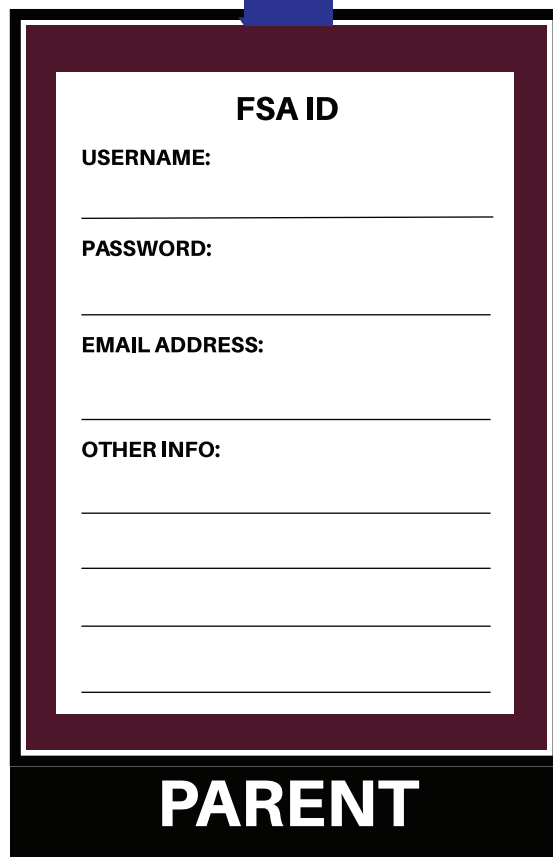

USERNAME:

PASSWORD:

EMAIL ADDRESS:

OTHER INFO:

STUDENT

A maroon-bordered card with a black border, hanging from a blue lanyard. It contains the following text and fields:

FSA ID

USERNAME:

PASSWORD:

EMAIL ADDRESS:

OTHER INFO:

PARENT

You need to create an FSA ID in order to complete your FAFSA. To avoid problems with your financial aid down the road, you (and your parent, if that applies) should create your own FSA ID. **Don't let anyone** — *not your teacher, your financial aid counselor, your mom or dad, your best friend, or your second and third cousins* — **create your FSA ID for you.** And you should not create one for your parent or anyone else. **Write your username, password, email, and any other information used to create your FSA ID in the card above.**
